Quarter-to-News Mapping Table

This table controls **when news is released** and which trading quarter it primarily influences. Some news have **lingering or delayed effects**, creating realism.

Quarter	News Released	Primary Impacted Sectors	Market Nature
Q1	News 1: Government Infrastructure & Banking Reform	Commercial Banks	Strong Bullish
Q1	News 5: Interest Rate Volatility	Bank, Finance, Manufacturing, Hotel	Mixed / Volatile
Q2	News 2: Hydropower Export Agreement	Hydropower	Bullish
Q2	News 7: Digital Finance & InsurTech Adoption	Finance, Insurance	Bullish (Selective)
Q3	News 3: Insurance Capital Tightening	Life & Non-Life Insurance	Bearish
Q3	News 6: Raw Material Import Disruption	Manufacturing	Strong Bearish
Q4	News 4: Surge in Domestic Tourism	Hotel & Tourism	Strong Bullish
Q4	News 8: Corporate Governance Scandal	Commercial Bank (EPBL)	Script-Specific Shock

Design Logic:

- Q1 & Q2 lean optimistic but volatile
- Q3 is intentionally risk-heavy
- Q4 recovers selectively, not universally
